Report: India, 5th September is celebrated as Teachers' Day as a mark of tribute to the contribution made by teachers to the society. 5th September is the birthday of a great teacher Dr. Sarvapalli Radhakrishnan, a staunch believer of education and a well-known diplomat, visionary, statesman, scholar, President of India and above all a perfect Teacher. In 1962, when Dr. Radhakrishnan became the President of India, he was approached with a request of celebrating his birthday. He said, "Instead of celebrating my birthday, it would be my proud privilege if this day is observed as Teachers' Day". This showed his love for the teaching profession. From then onwards, this day is celebrated as Teachers' Day in India. Teachers mould the lives of the students by guiding them, by enriching their personalities, by imparting ethical and moral values and have more influence on them. Teacher's Day is celebrated with great enthusiasm in many parts of the world. This day is dedicated to the teachers with the sense of respect, appreciation, encouragement and support for their devotion to their students.

Report: India, 5th September is celebrated as Teachers' Day as a mark of tribute to the contribution made by teachers to the society. 5th September is the birthday of a great teacher Dr. Sarvapalli Radhakrishnan, a staunch believer of education and a well known diplomat, visionary, statesman, scholar, President of India and above all a perfect Teacher. In 1962, when Dr. Radhakrishnan became the President of India, he was approached with a request of celebrating his birthday. He said, "Instead of celebrating my birthday, it would be my proud privilege if this day is observed as Teachers' Day". This showed his love for the teaching profession. From then onwards, this day is celebrated as Teachers' Day in India. Teachers mould the lives of the students by guiding them, by enriching their personalities, by imparting ethical and moral values and have more influence on them. Teacher's Day is celebrated with great enthusiasm in many parts of the world. This day is dedicated to the teachers with the sense of respect, appreciation, encouragement and support for their devotion to their students.

Report: India, 5th September is celebrated as Teachers' Day as a mark of tribute to the contribution made by teachers to the society. 5th September is the birthday of a great teacher Dr. Sarvapalli Radhakrishnan, a staunch believer of education and a well known diplomat, visionary, statesman, scholar, President of India and above all a perfect Teacher. In 1962, when Dr. Radhakrishnan became the President of India, he was approached with a request of celebrating his birthday. He said, "Instead of celebrating my birthday, it would be my proud privilege if this day is observed as Teachers' Day". This showed his love for the teaching profession. From then onwards, this day is celebrated as Teachers' Day in India. Teachers mould the lives of the students by guiding them, by enriching their personalities, by imparting ethical and moral values and have more influence on them. Teacher's Day is celebrated with great enthusiasm in many parts of the world. This day is dedicated to the teachers with the sense of respect, appreciation, encouragement and support for their devotion to their students.

Report: India, 5th September is celebrated as Teachers' Day as a mark of tribute to the contribution made by teachers to the society. 5th September is the birthday of a great teacher Dr. Sarvapalli Radhakrishnan, a staunch believer of education and a well-known diplomat, visionary, statesman, scholar, President of India and above all a perfect Teacher. In 1962, when Dr. Radhakrishnan became the President of India, he was approached with a request of celebrating his birthday. He said, "Instead of celebrating my birthday, it would be my proud privilege if this day is observed as Teachers' Day". This showed his love for the teaching profession. From then onwards, this day is celebrated as Teachers' Day in India. Teachers mould the lives of the students by guiding them, by enriching their personalities, by imparting ethical and moral values and have more influence on them. Teacher's Day is celebrated with great enthusiasm in many parts of the world. This day is dedicated to the teachers with the sense of respect, appreciation, encouragement and support for their devotion to their students.

Report: On 10th June 2023, our college organized its Farewell & Annual day program that was held in the college Ground. The chief guest was the Founder of this collage. Parents were also invited to attend the event. The faculty team of our college along with volunteer students decorated the ground with flowers and lights. The chief guest lit the lamp.

Then our principal, secretary, and senior teachers also lit the lamp and the program started with prayer. The program was hosted by a student of engineering. His performance was very impressive. The students from different classes participated and performed various activities. First of all, students presented a welcome program by welcoming the chief guest and parents of the students.

A group of students was invited to come on stage and play a drama scene. The drama they presented was funny and interesting. It engaged the audience and made them laugh. Similarly, some more students also performed various programs and amused the audience. In the end, the host requested the chief guest to express his thoughts regarding the event.

He came and gave a speech. He told about his career and praised students' performance. After that, the principal thanked everyone especially the chief guest for giving his precious time. The principal ended the program by encouraging the students to work hard if they want to make a strong and good career in life. All the people who attended that annual day enjoyed it most. In fact, this was a memorable day.
