<b>Description:</b>	<p>AIDS awareness program was organized by our college NSS unit. AIDS means acquired immune deficiency syndrome. It is a life threatening condition caused by the human immune deficiency virus. The HIV virus attacks the immune system of the patient and reduces the body's resistance to other diseases. Our NSS volunteers educate degree college students how HIV spread and what can we do to protect ourselves. HIV positive people can continue to live a healthy life without it reaching the final stage. The NSS coordinator, staff and students participated in the AIDS awareness programme.</p>

<b>NSS Unit Code:</b>	90214730
<b>Title of the Event:</b>	<b>VOTE REGISTRATION AWARENESS PROGRAMME FOR NEW VOTERS</b>
<b>Event Start Date:</b>	17.03.2023
<b>Event End Date:</b>	17.03.2023
<b>Description:</b>	<p>To creating awareness for new voters organized by our NSS unit at Duggirala. To enhance people's participation in the voting system. To get pre-election commitment from contesting candidates. Electoral, voter registration (or enrollment) is the requirement that a person otherwise eligible to vote must register (or enroll) on an electoral roll, which is usually a prerequisite for being entitled or permitted to vote. The rules governing registration vary between jurisdictions. In many jurisdictions, registration is an automatic process performed by extracting the names of voting age residents of a precinct from a general-use population registry ahead of election day. In contrast, in others, registration may require an application being made by an eligible voter and registered persons to re-register or update registration details when they change residence or other relevant information changes. Our NSS unit volunteers and faculty participate this awareness programme.</p>
