| Description: | <p>DISHA APP AWARENESS PROGRAM FOR WOMEN was organized by our college NSS team at Chintalapudi village on 29.07.2022. DISHA APP is an initiative taken up by state government for the safety of women. If the user does not have enough time to open the app, she can send a distress alert by just shaking the phone. Further, the app also has a 'track my travel' feature. Disha app will protect women like a brother. Volunteers educate the women about how to install app. We can install app from Google Play Store on your android phone. Search for TMH Disha. Once the TMH Disha page is visible, click on the Install button. NSS coordinator, volunteers and some faculty participated in this program.</p> |

| Title of the Event: | VOTE REGISTRATION AWARENESS PROGRAMME FOR NEW VOTERS |
| Event Start Date: | 17.03.2023 |
| Event End Date: | 17.03.2023 |
| Description: | <p>To creating awareness for new voters organized by our NSS unit at Duggirala. To enhance people's participation in the voting system. To get pre-election commitment from contesting candidates. Electoral, voter registration (or enrollment) is the requirement that a person otherwise eligible to vote must register (or enroll) on an electoral roll, which is usually a prerequisite for being entitled or permitted to vote. The rules governing registration vary between jurisdictions. In many jurisdictions, registration is an automatic process performed by extracting the names of voting age residents of a precinct from a general-use population registry ahead of election day. In contrast, in others, registration may require an application being made by an eligible voter and registered persons to re-register or update registration details when they change residence or other relevant information changes. Our NSS unit volunteers and faculty participate this awareness programme.</p> |

| Description: | SAVE TREES & SAVE WATER programme was organized by our college NSS unit. It create awareness regarding saving water and trees. Water is basic Necessity of the life. It is important element for the living things and without water no one can survive on this earth. Same as water the second next component which earth consist maximum is trees. Tree is a friend, tree is a home, tree is source, tree is a medicine. The only solution to save trees and water is let people understand importance of it People should use water carefully and should not waste it. They should transfer the water to the rural areas where water is not available. Like water people should not cut the trees and in place of it they should grow more and more trees. Trees reduces the pollution in the air they provide cleaning mechanism of the air. Trees provide cool and peaceful atmosphere. NSS coordinator and some students participated in this programme . |
