## 4.3.1. Institution frequently updates its IT facilities including Wi-Fi:

The institution is committed to providing students with the latest technological advancements. The computer laboratories have been relocated to a new facility where they can be found under one roof. The laboratories at the new location include cutting-edge technology and a pleasant atmosphere. The institution regularly assesses IT requirements and takes the necessary actions. The campus has Wi-Fi access, and students and instructors are encouraged to use online learning materials.

- ❖ All college systems are linked in a star topology with Optical Fibre cable and CAT 6 LAN at a speed of 1- GBPS.
- ❖ Every department has wi-fi with individual and isolated bandwidth, as well as college mail IDs.
- ❖ Every department has smart classrooms.
- ❖ Technical help for their PCs or laptops benefits all students.
- ❖ The computer laboratories are equipped with high-performance computers, high-speed internet, and a variety of software.
- ❖ The laboratories are also equipped with multimedia projectors and other audiovisual equipment.
- ❖ The laboratories are used for a variety of purposes, including teaching, research, and student projects.
- ❖ The institution also has a dedicated IT team that is available to provide technical support to students and faculty.

### Total Number Of Systems:

Total Systems	350
---------------	-----
